USD RESPONDS TO ENERGY MEMO

FOR IMMEDIATE RELEASE

USD President Author E. Hughes today issued a memo to all University personnel asking for their cooperation in complying with the California Public Utilities Commission curtailment order to all users of natural gas. The following steps have been taken by USD's Physical Plant to implement this order: The heating systems at all three swimming pools have been turned off and time-controlled in all major buildings to provide only essential morning and evening heating periods. Residents in all University owned apartments have been asked to voluntarily keep their thermostats at the 65 /55 maximum day and night settings.

Hughes states "Cooperation is essential during this time of national crisis. The discomfort we may experience cannot be compared to that of our neighbors in other parts of the country whose lives may depend upon the availability of this fuel."
